Egloff Says Governor's Orders Carried Out

Sheriff John Egloff stated that "Governor White's orders have been carried out."

Last week the Chief Executive of the State ordered Egloff by registered mail to close down all gambling in Hancock County in accordance with a petition signed by some 400 reputable citizens of this county.

Sheriff Egloff said, "After I received the letter from the Governor I conducted a thorough investigation of the gambling situation in Hancock County and the Governor's orders were carried out within 48 hours."

"From the information I have gathered it is my opinion that the petitioners could only acquire 100 names in Hancock County and had to get the rest from Pearl River and Harrison Counties."

Egloff continued, "I feel this is a political move and came from my opposition, which is a small faction."

"As rumored around town, I will not try to install the Blue Law in Hancock County because that would only satisfy a handful while the majority would suffer."

Several weeks ago Governor White issued a statement that if 300 reputable citizens in Hancock County would sign a petition asking him to close down gambling in the county he would take action.

A few days following this statement a petition was presented to him containing slightly over 400 names.

Governor White then wrote a letter to Sheriff Egloff telling him of the petition and that if the gambling was not closed down here, he himself would take action and have it closed down by the National Guard.

Mrs. R. Elliott Elected Head Of Dist. 9

Mrs. Russell Elliott was elected president of District 9 of the American Legion Auxiliary. A past president of the local auxiliary, she was endorsed unanimously at the spring conference held in Ocean Springs.

District 9 includes Bay St. Louis, Biloxi, Brooklyn, Columbia, Gulfport, Hattiesburg, Lucedale, Ocean Springs, Pascagoula, Petal, Picayune, Poplarville, Vancleave and Wiggins.

At the convention Mrs. Elliott served as a department page to State Secretary Mrs. R. K. Webb and was presented an individual personal gift at the close of the convention by Mrs. F. L. Dickson, state president.

Phillips Appointed To Forest Fire Compact Group

State Representative Walter James Phillips has been appointed to the executive committee of the Southeastern States Forest Fire Compact.

He is one of five men throughout the 40 state area who will serve in this capacity for a year.

This action was taken in accordance with the authority granted to the Compact Commission.

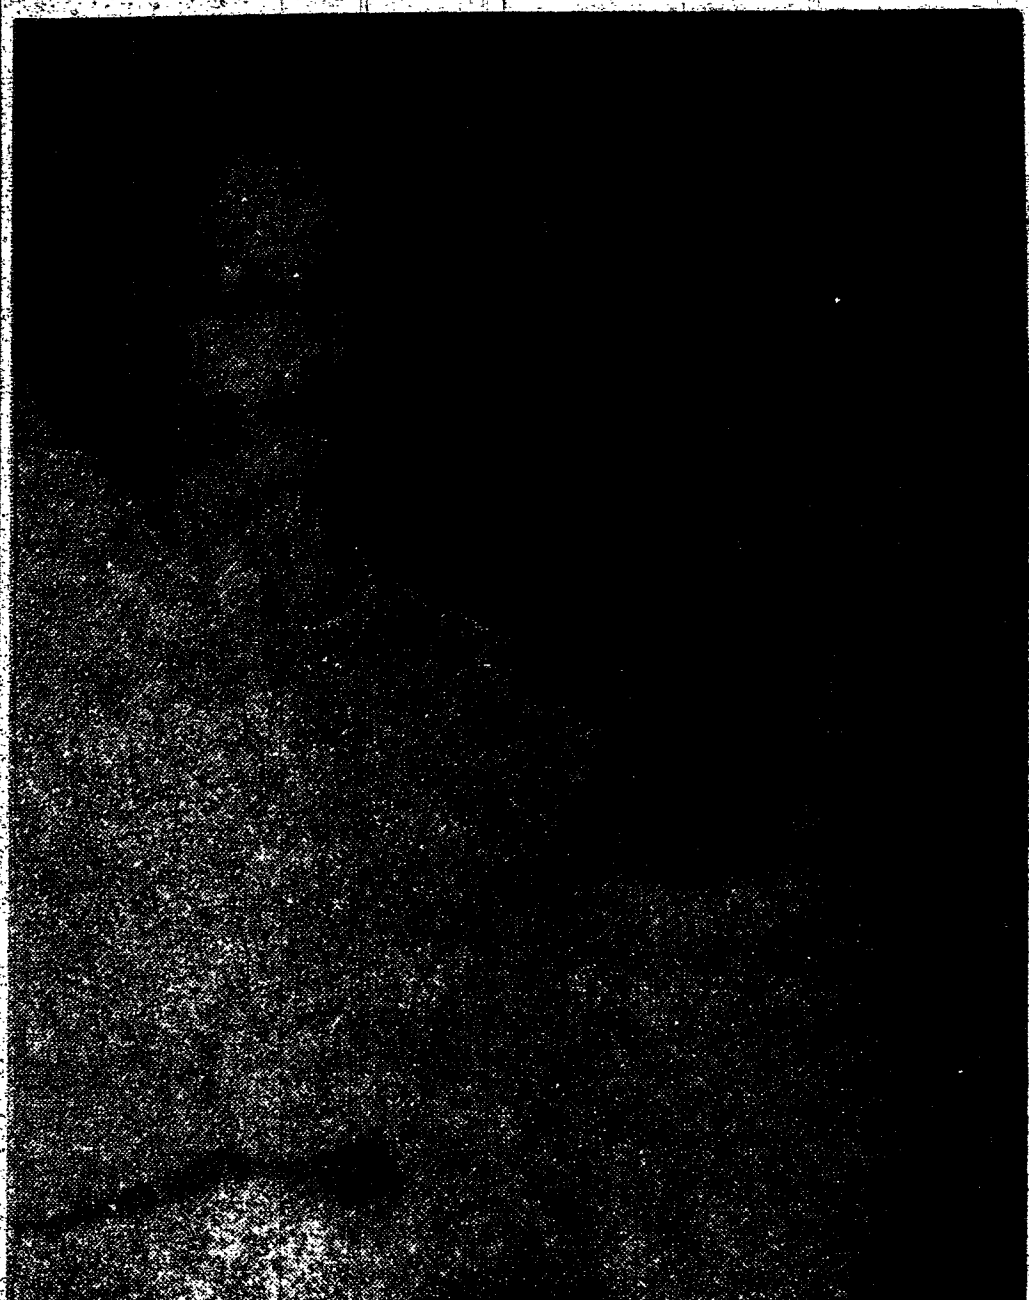

The duties of the executive committee is to act for and on behalf of the commission in case of an emergency in any of the states belonging to the Southeastern Compact.

The states included in this compact include Mississippi, South Carolina, Virginia, West Virginia, Tennessee, Georgia, Alabama, Florida, Kentucky and North Carolina.

If a large scale fire should break out in any of these states, the executive committee decides what states can give aid to help control or fight the fire.

On a state wide basis Phillips is a member of the advisory commission from this state. The five members of that commission were appointed by the Governor.

These five men decide whether or not Mississippi can lend help to another state for fire fighting or fire control measures.

LUCKY PAYOFF WINNER—Mrs. Marie Heitzmann, wife of Teddy Heitzmann of Main Street, embraces her son Wayne as he reads the winning letter he sent in to the Big Payoff television program. Mrs. Heitzmann was the winner of many fine gifts.

Suprise For Big Payoff Winner

The Big Payoff, the famous give away program of television come on last Friday just like it does every week.

But one thing was different for a Bay St. Louis family. The Teddy Heitzmann family of Main Street.

For the lady of the house, Mrs. Marie Heitzmann was to be a pay-off partner because her son Wayne's letter had been accepted out of the many thousands that are sent into the program.

She was to receive all of the prizes that the studio contestants won.

The Heitzmanns sat on the edge of their seats and hollered all the answers they knew to the contestants. The house was a wave of tension.

And the contestant did pretty good, both for himself and Mrs. Heitzmann.

He answered the first two questions and therefore the lucky local lady will receive dresses, bathing suits, jewelry, a watch and many other fine gifts.

This was a once in a lifetime experience for the Heitzmanns and they are still catching their breath.

Mrs. Heitzmann said, "We were really surprised. We knew that the kids had sent a letter a long time ago, but we never thought that it would

be selected. Boy, we were certainly surprised and very, very happy."

In his letter to Randy Meriman, Master of Ceremonies of the show, Wayne said, "I'm writing this letter because I want to win some of the Big Payoff fashions for my mother."

"She works from early

morning until late at night with my father. She always gets things for my sister and I, because she worries about her clothes."

After seeing all the nice things on your program and all the letters sent in by others, I thought maybe my letter would have a chance."

And it certainly did have a chance.

NECAISE, BRELAND ANNOUNCE CANDIDACIES IN AUG. PRIMARY

Lanier Necaize and E.E. Breland officially announced their candidacies for a political office this week.

Necaize is seeking the post of supervisor from Beat Four, and Breland seeks re-election as the county superintendent of education.

Necaize, in his statement to the voters, said:

"I wish to announce my candidacy for the office of member of the Board of Supervisors for Beat Four, Hancock County, in the forthcoming Democratic primary on August 2nd."

"I served for a period of 12 years as a member of the Board of Supervisors and eight years as Deputy Sheriff of Hancock County and I can assure you that I deeply appreciate the confidence that the people of my Beat have placed in me, in all of my official affairs I have tried to represent my beat faithfully and I feel certain that I have done more for my Beat than any other member of the Board from Beat Four has ever done."

"During my last term from 1944 to 1948 as Supervisor of Beat Four I was responsible for the construction of the Concrete Bridge at Fenton and for the construction of the steel bridge at Jourdan River and Bayou La-Croix, and I might add that neither of these bridges have been treated or painted since my term of office. It was also thru my efforts as a member of the Board of Supervisors that the Bay-Kiln road was black-topped."

When elected I promise the people of Beat Four that I will work towards the interest of the county as a whole, and, particularly for an adequate distribution of the County Funds for Beat Four, and, further, to use those funds for the benefit of Beat Four rather than for any personal gain.

I am definitely not interested in using County Funds or Equipment for my own personal benefit.

I can assure you that I will deeply appreciate your support in the coming election, and when elected, will do my best to make you a good supervisor.

Respectfully,

Lanier E. Necaize,

Candidate for Supervisor, Beat Four, Hancock County

Breland said:

"May I take this means of announcing my candidacy for re-election to the Office of County Supt. of Education."

I wish to extend my appreciation for the opportunity of serving you the past two terms, and the confidence you placed in me four years ago when I was unopposed for re-election. If re-elected to this important position I shall continue to serve you to the best of my ability, and shall strive at all times to work in the interest of the girls and boys of our county."

I seek re-election on my record which I made as your County Superintendent of Education. Asking that you consider my ability to serve you in the future from the improvement I have made in your school program and the school laws which will govern knowledge I have of the new our future school program."

The decision of the U. S. Supreme Court on segregation has impaired additional burdens on our county and state, but I shall always strive for separate schools with equal facilities for all races. A glance at the schools in our county will bear me out in this statement."

The work in the Office of County Superintendent of Education has more than doubled with the new school program. In view of this fact, you are asked to bear with me in the event I am unable to personally see each of you before August 2nd."

I sincerely trust that the voters of this county will join hands in giving me the largest vote anyone in this county has ever received for public office, and for so doing I promise that we will have one of the best school programs that can be had. This will take the operation of all."

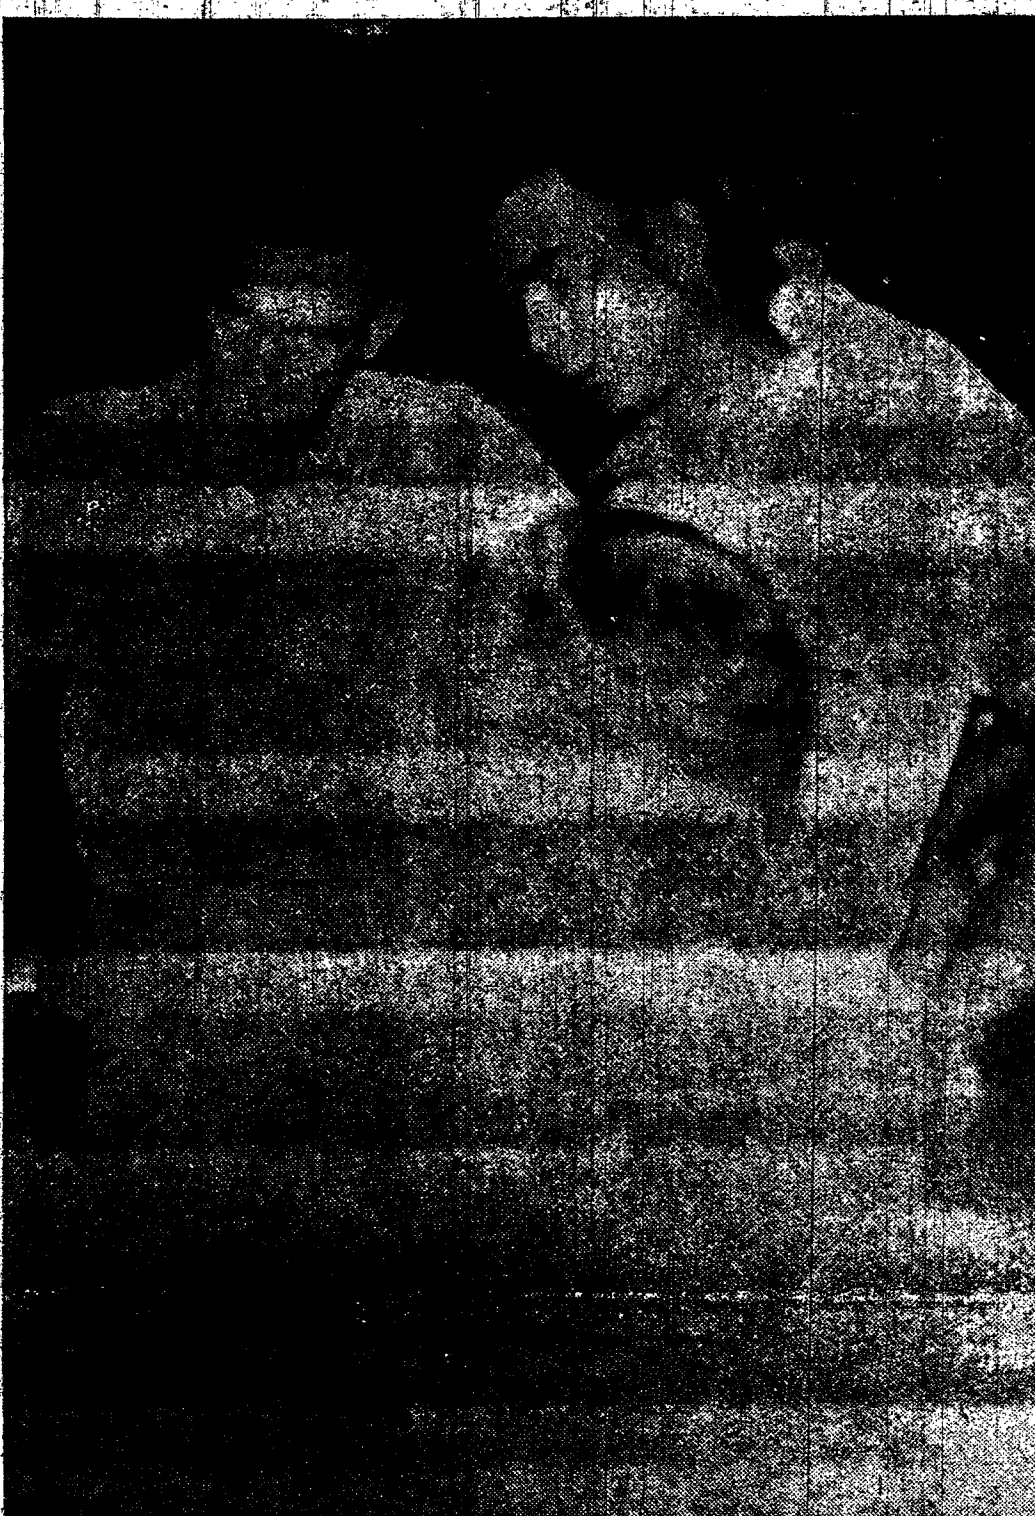

Reassuring you of my deepest appreciation for your past kindness and favors, and earnestly soliciting your continued good will and support, I am,

Respectfully,

E. E. Breland,

Candidate for Re-election, Superintendent of Education, Hancock County

Election Gains Interest As Day Draws Near; Managers Appointed

PRESENT LIST OF PROPOSED MANAGERS—Three of the four candidates for Supervisor of Beat 3 are shown as they present a list of proposed managers for the Beat 3 boxes to Walter Gex, chairman of the Democratic Executive Committee. Three of the seven proposed were accepted. Present Supervisor Johnson Shaw is the other candidate. The other three candidates are from left to right, Clifton Dedeaux, Charles Lavinghouse and Robert Shaw.

Mrs. R. Elliott At Nat. Meet

Mrs. Russell Elliott has been selected to attend the national convention of La Boutique des Huit Chapeaux et Quarante Femmes to be held in Miami.

Mrs. Elliott is one of five ladies to be selected from Mississippi.

Mrs. Elliott attended the 8 or 40 convention dinner and was introduced as a Partner of the Coast Council Salon 213.

Brother Lawrence, S. C. former teacher at St. Stanislaus, Bay St. Louis died at Hotel Dieu, New Orleans, Monday.

He was buried from the college chapel in the Brothers' cemetery Tuesday morning.

Rev. John Leonard, assistant pastor of Our Lady of the Gulf Church was celebrant of the High Mass of Requiem.

City Fathers Speak On Water Works

The Commission Council of Bay St. Louis issued a statement today in regard to the bond issue election for the proposed water works in the city, which will be held on Aug. 9.

The council stated, "Our present waterworks system has been for many years inadequate and antiquated and with the increase in home building and the increased use of appliances which has taken place during recent years we are now faced with a most serious and dangerous situation."

"Contrary to what many uninformed people believe, our problem is not a matter of water supply but rather one of distribution and control of unnecessary and wasteful use. The only way in which unnecessary and wasteful use of water may be controlled is by the installation of water meters. This will certainly insure a more conservative and reasonable usage of water which will naturally result in a more than adequate supply for both domestic and fire protection purposes at all times."

"There are approximately 95,000 feet of undersized mains varying in size from three inches to one inch. The areas serviced by such mains suffer because of an extremely low pressure and often they have no water at all. In many instances these small mains are at dead ends which makes it impossible to maintain sufficient volume or pressure in them. When these mains are replaced and looped adequate volume and pressure will be maintained at all times."

"We are also faced with two more serious problems. They are fire protection and an increase in fire protection rates. Our fire protection equipment, which is very adequate, cannot be used to its greatest capacities. The reason for this is the small mains, which will not allow the flow of the volume of water."

"The Mississippi State Rating Bureau also determines the classifications and applicable rates for fire insurance premiums. In a letter to the mayor the bureau said Bay St. Louis is no longer entitled to its present rating and must be re-rated unless changes come."

The main topic of discussion on the local scene today is the political campaign which is entering into the last lap before the Democratic Primary is held on August 2.

Various viewpoints on the election can be heard at any corner in town, with the young and old alike offering opinions as to the outcome of the largest election in Hancock County's history.

Over 100 candidates are seeking political positions. Rallies are being held day and night with many more planned for the last week before election day arrives.

One of the very few city rallies will be held tonight on the courthouse grounds. It will be headed by gubernatorial candidate Paul Johnson.

The present estimate on the number of probable number of qualified voters appears to be near the 6000 mark. The election commissioners are still in the process of purging the poll books.

Yesterday, the Election Commissioners heard cases presented to them concerning the ineligibility of 12 voters in Beat 3. Four of these voters have been declared ineligible. Two of them were noted to be too young while the other two, above 21 years of age, have only one year's poll tax paid up. The other eight will be decided on at the next meeting.

Tuesday the Democratic Executive Committee appointed the election managers and the peace and returning officers for the August Primary.

At the outset of the meeting the committee was approached by three of the four candidates for Supervisor in Beat Three, who proposed to the committee two men to serve as election managers in each of the three boxes.

The candidates Robert E. Shaw, Clifton Dedeaux and Charles Lavinghouse, said, "We know that these men will serve honestly and ask you the members of the committee to appoint them at their respective boxes."

The suggested managers were at the Crane Creek precinct, Jack Shaw and Bernis Ladner, at Standard, Clarence Lizana and Vester Ladner and at Dedeaux Hallian Ladner and Area Hoda.

Lizana and Hallian Ladner were selected by the committee. In the Crane Creek box the three candidates were allowed another choice and they selected R. J. Rouse.

The present Supervisor Johnson Shaw, is the other candidate in that beat.

Those appointed to serve at the election are as follows:

Ed Ortte Rally at Hi-Way Drive In
Saturday - Starts 5 P. M.

INSTEAD OF 2 P. M. AS PREVIOUSLY PUBLISHED

TO THE VOTERS OF HANCOCK COUNTY:

As most of you know, I am a Candidate for Sheriff and Tax Collector of Hancock County.

In the past few weeks I have been requested by several organizations and by numerous individuals to state my qualifications for this office.

I am a graduate of Lakeshore Elementary School and I attended St. Stanislaus College. I am the eldest brother, who with two other brothers successfully operate the Bordages Brothers Fishing Camp at Lakeshore, Miss. I am a Veteran of World War II, having served three years and eight months of which, two years and eight months were spent with the Quartermasters Corps in North Africa and Italy.

In view of the foregoing I herewith submit my platform and respectfully request that you, the voters of Hancock County, respond favorably there to by electing me your Sheriff and Tax Collector.

1. I am a firm believer in and earnestly advocate home rule.
2. I do not intend to close any business establishment that has a license to operate as long as same is maintained in accordance with law and for the purpose for which it is licensed. Any business place that sells alcoholic beverages to a minor, or permits prostitution to be carried on, will be closed and the operator or owner will be prosecuted to the fullest extent of the law.
3. I will not, nor will I permit my deputies to operate any speed traps on our highways. I will cooperate with our Highway Patrol to eliminate any excessive speeding or dangerous driving.

4. If I am elected Sheriff I will have sufficient help in the Tax Office to handle our tax payers. If it is possible, I will mail each taxpayer a statement of his taxes. During the months of December, January and February I will keep the Tax Office open until 10 P.M. two nights per week to enable those who are working during the day to come in at night and pay their taxes.

5. As to the issue which confronts us concerning gambling: I first reiterate plank No. 1 above. As a Veteran who did his bit to preserve our democracy I am a firm believer therein. I shall therefore enforce the law as written for the benefit of the people as expressed by a majority thereof.

You elect me your Sheriff I assure you that when I take the Oath of Office I will carry out this platform to the best of my ability.

Respectfully and sincerely,
RAY J. BORDAGES
CANDIDATE FOR SHERIFF & TAX COLLECTOR
HANCOCK COUNTY, MISSISSIPPI

Ed Ortte Outlines 'Youth Program' Plan

Juvenile Delinquency naturally means: A young person who is neglectful or fails to do their duty, or commits a misdeed. An offender of the Law!

How are we going to curb JUVENILE DELINQUENCY?

It is almost too late to change the lives of young people after they reach the age of 18 to 20, you have to start training them when they are very young. We have youth centers, boy and girl scout troops, Sunday schools and grammar schools. These are all a grand help to the young people, but what if they fail to attend church and their schools, or fail to become attentive members of the Boy Scouts, etc. Well, I have a good plan that is working out presently in all large cities, and throughout the many rural sections of the United States. These are organizations operated under the guidance of different law enforcement officials and friendship among the children. Now if I am elected Sheriff, it is my purpose to most definitely carry out this plan and from this Youth Organization. It will be named: "Junior Deputies of Hancock County." Each member will be given a Silver Badge and the Officials will be given a Gold Badge. These badges to be worn with honor and distinction.

To start this program off, I will deputize and appoint two men, of high standing, to assist me in organizing this program throughout the County. These units will be formed in different sections. The Officers of each unit will be made up from the ranks of the boys who prove through their activities and merits as good leaders. It is well known that boys will follow good leadership, so the selection of these officers will have to be carefully chosen. These Youth leaders will be given the job of inspiring other boys not to be delinquent in any of their duties. They should be honest, fair and helpful to each other. They should encourage the boys to attend Sunday School and Church regularly and learn the Beautiful teachings of the Church. Encourage them to attend school regularly and to realize the importance of study, and learning the value of education, whereby they can hold good positions when they reach manhood. These Juveniles Leaders will have the responsibility of assisting and preventing the other boys from associating with bad characters and doing anything that would be detrimental to them. Their duties will be to talk with the boys and to advise them what to do when they are in trouble and to encourage other boys at all times to be honest and truthful and not to be delinquent in any of their duties.

These clubs will be given picnics, fishing trips and other outdoor activities from time to time. As I said before the main purpose of this organization is to create close association and friendship of children. This organization will cooperate with all Boy and Girl Scout Troops and Youth Centers to create more enthusiasm throughout the schools. Also to create more interest in athletics and other wholesome entertainment for the Youth. This will be a County wide project.

I believe by starting with the very young children, we can make bigger and better men out of our youth and prevent future juvenile delinquency.

If I am elected I will ask for the help of all the parents and children throughout the county to cooperate with me in this juvenile program.

This plan will definitely be carried out as it is one of my outstanding reasons why I want to be elected Sheriff.

ED P. ORTTE

VOTE FOR ARTHUR (Pat) GARCIA FOR CONSTABLE, BEAT FIVE

To The Voters of Beat Five:

At this time I would like to take the opportunity to discuss with you my candidacy for the office of Constable of Beat Five of Hancock County. It is my desire to serve you in this capacity for the next four years. If you should see fit to elect me to this important and responsible position, I shall stand on and live up to the following promises:

- I will not allow any skin games to operate in Beat Five. They will be strictly forbidden.
- I will not operate any Speed Traps. I feel that phase of law enforcement should be left to the State Highway Patrol.
- I will not allow Minors to be served in any barroom. My actions will always be guided toward helping our youth.
- I will co-operate with the Sheriff and other county law officers and the city police to bring about justice to one and all.
- I will always work for the betterment of Beat Five and Hancock County. One of my interests will be the promotion of our communities.

I have served on the City Police force for the past 6 1/2 years with an unblemished record. If I am elected Constable I shall continue to serve as a law enforcement officer with a clean record.

I am an Independent Candidate and therefore will be an Independent Constable. I humbly ask that you consider my candidacy on August 2, and if you feel that I am qualified, vote for Arthur (Pat) Garcia.

Sincerely yours,

unity to carry out these promises of good government in your Justice of the Peace office. I will have accomplished something that will be beneficial to each and everyone of my neighbors in Beat Five and Hancock County.

By being an Honest, Independent, Competent and Qualified Justice of the Peace I shall aid in the Progress of our communities and our county as a whole.

I shall be able to render a public service and you, who make up the public, shall receive the benefits of this work. As in any business, promotion is the greatest asset. And that is what I intend to do in Beat Five. Promote our cities and communities. Sell them to our visitors as well as to our natives.

I want to instill in everyone a spirit of pride, for I feel that we have the natural resources to be one of the most outstanding sections of our state.

Sylvan J. Ladner Jr. Can Stand On His Record

When Sylvan J. Ladner, Jr., announced his candidacy for Sheriff and Tax Collector of Hancock County, the machine politicians trembled. They knew his fine record in the City of Bay Saint Louis and, what's more - they knew the people knew of his fine record.

So they had to turn their vicious attacks on him. They could not say much in public. Most of what they had to say was through a whispering campaign. That is because they could not face the facts.

One of my opponents, Ed. P. Ortte, is using plenty of money to attack my record as a City Commissioner. He does not like to talk about his own record - not even the old one, when he made in New Orleans in 1922. But since he has begun his scurrilous attack on me I have secured certified copies of his New Orleans records and in deference to his friends and family I sincerely hope that he does not force me to publish it.

Sylvan J. Ladner, Jr., now will separate the facts from the fiction in Ortte's statements:

Mr. Leo Seal, through injunctions, eliminated the slot machines from Bay Saint Louis and "not Mr. Ladner."

THE TRUTH

Mr. Leo Seal did eliminate the County's machines through injunctions. He did not have to get any injunctions in Bay Saint Louis because BEFORE THAT on July 28, 1949, Sylvan J. Ladner, Jr., and another member of the Commission Council issued an order banning slot machines from Bay Saint Louis. They did not require an injunction. They acted on their own, and primarily to rid the City of a vicious vice and a vicious political machine that had wrecked the City. Now Mr. Ortte, this leads to a very interesting topic. Why, at this period of time, were you called one of Hancock County's "Slot Machine King's"? While you claim you were breaking the back of the political machine and cleaning up the County and City, isn't it a fact that you did not break with that same POLITICAL GROUP in the CONTROL and Location of slot machines throughout the County? When did you "break with them"? Was it when they squeezed you out of a choice slot machine location? Could it be when I, and a fellow City Commissioner, outlawed slot machines from the City - and when injunctions in the County stopped them? Now, Mr. Ortte, quit trying to kid the Public! They are smarter than you think!

THE TRUTH

Sylvan Ladner, Jr., says in one speech he would not "stop the selling and making of illegal whiskey." In another he promises to stop all gambling and close barrooms.

THE TRUTH

I have promised to shut down gambling. AT NO TIME HAVE I MENTIONED WHISKY OR BARROOMS IN ANY SPEECH, but Mr. Ortte has tried to make my speeches for me in his eagerness to confuse and capitalize.

ORTTE SAYS: Mr. Ladner's salary as City Commissioner has been increased. He is campaigning on taxpayers' money.

THE TRUTH

Sylvan J. Ladner, Jr., has never received a pay raise as Commissioner. Other city employees have received three pay raises since Ladner has been in office; neither Ladner nor the other members of the City Council received a raise. Ladner is not campaigning on taxpayers' money. As a matter of fact, he is campaigning on no money. That is why you do not see Ladner's signs pasted all over the county, he cannot afford them. In fact he is making his campaign after office hours.

ORTTE SAYS: In 1947 he was one of the two men returned to the nine major offices. All of the other office holders were replaced.

THE TRUTH

Big deal! What Mr. Ortte forgot to say that in 1951 he was the only one of the nine major office holders who was defeated.

ORTTE SAYS: Sylvan Ladner, is playing dirty because he "calls his opponents rats."

THE TRUTH

Ladner's statement was two kind of people start rumors about candidates for public office. One is the cornered rat. If Mr. Ortte THINKS I CALLED HIM A RAT, it must be because he starts rumors about candidates for public office.

MR. ORTTE DID NOT SAY

That he voted to change the Beat Line of Beat Four and kick out forty to fifty voters in the Bayou LaCroix Area.

BUT

The minutes of the Board of Supervisors of November 24th, 1951, reveal that Mr. Ortte voted "Aye" and signed the minutes of the Board as President, stating that all had voted "AYE". Mr. Ortte, some of the people in the Bayou LaCroix Area do not know this.

I sincerely regret that it has become necessary to take time out of this campaign to answer these wild tales of one of my opponents. I did not get in this campaign to fight Mr. Ortte or any other candidate. I have the greatest respect of all my opponents, but only a coward will run when he is attacked. I am not a coward. I do have a good record, I believe, and I stand ready to defend it against any attack.

I believe I can make a good SHERIFF AND TAX COLLECTOR.

Ed P. Ortte's Answer To Sylvan Ladner's Twisted Criticism In Last Week's Echo

Last week Sylvan Ladner criticized me through the columns of this paper. I answered him the day through the columns of the Hancock Eagle. I regret very much that I was forced to do so but it was impossible for me to permit this twisted criticism to go unanswered.

He accused me of not taking care of the roads or doing any blacktopping while in office, raising taxes, buying a dredgeboat, and claims I waited too long to break the County Road Contract. Here are the answers I stated in last week's Eagle. In my eagerness to break the political machine, I went along with the politicians in some cases, watching MY OPPORTUNITY AT ALL TIMES, to 'POP MY WHIP' and as I have stated in my editorials the fun began in 1945 and 1946, when I learned that county equipment had been taken out of Hancock County for use elsewhere, without my knowledge. It was with this knowledge that after ordering the equipment brought back, we were successful enforcing a cancellation of the road contract. This action by the contractor, furnished us with the necessary whip to force the cancellation of the County Contract.

I most positively took care of the Roads and Bridges in my beat. Mr. Ladner asked how many roads had I blacktopped with County Funds while in office. He has brought up something here that I had actually forgotten among my many things I have done for the County. During my administration we blacktopped the following roads. The Lakeshore Road, one of the main roads in Beat No. 5, was blacktopped from the beach to U. S. Highway 90. This road was not a State or Federal road, but with my connections and friendship with the Mississippi State Highway Commissioner, they cooperated with me with the blacktopping of this road with the cost to the county not to exceed \$2,000.00. Also practically all the streets in Clermont Harbor, with exception of the Civic Association and the people of Clermont Harbor were blacktopped, with the cost to the County less than \$1,500.00. The rebuilding of the Main Street through Bay St. Louis, that was washed away by the hurricane, which is in the City limits of Bay St. Louis, was rebuilt by myself and the rest of the Board Members, at a very low cost of about \$25,000.00. Most of this cost should have been paid by the City. But the only expense to the City of Bay St. Louis was a little curbing and outside work. WOULD YOU CALL THAT SQUANDERING OF MONEY OR NOT TAKING CARE OF THE ROADS?

The mileage may have been changed around some, but the taxes have never increased, even though from 1940 to 1951 salaries all merchandise, including gas, food and clothing, so forth has been tripled in most cases. As a matter of fact, I personally with the approval of the Board, equalized and reduced assessments, to the satisfaction of the people of Beat 5, which actually amounted to a reduction in taxes. This is the first time I have ever been accused of increasing taxes.

As far as the County Dredge Boat is concerned, I and all the people wanted a sand beach, and we thought this was a good deal, however the project proved impractical. The selling of the dredge boat was a saving to the county. The amount was all it was worth after the Dredge was severely damaged by the 1947 hurricane.

SYLVAN LADNER knows very well, AS MOST PEOPLE DO, THAT I HAVE BEEN STATING TRUTHS AND FACTS. He was mighty happy at the time I was struggling with this political organization that ruled County and City Politics and when I finally won the battle, he knew his chance to be elected commissioner had arrived. Sylvan ran for Commissioner four years before and was beaten in the first primary, he was not in the 2nd primary, but after I broke the backbone of the political organization that controlled County and City politics, Sylvan Ladner ran in the next election and was elected. You know some people have short memories and some are just plain ungrateful or forgetful.

I have never said anything against Sylvan Ladner, or any of the other candidates at any time, to a matter of fact we are all very friendly, and have been all getting along pleasantly. I do not have anything to say derisive against Sylvan Ladner at this time, or at any time, but if he attacks me again, I will be forced to defend myself either in the Hancock County Eagle to tomorrow or at the next political rally. This is definitely a threat, because it is my desire not to get into a mudslinging contest.

I deeply appreciate your vote and assistance in my desire to be your next Sheriff and Tax Collector.

Sincerely,
ED P. ORTTE

There was plenty of fishing done by the youngsters at the American Legion Fair last weekend. There was no bag limit on prizes.

Mr. and Mrs. F. R. Boute and family of New Orleans have been enjoying a two-week vacation here. The men folks have been doing some fishing out in the Bay and at Pearl River, catching various kinds of fish.

Gene Gilbert with the Heidelberg Co., spent a little time on the R. R. bridge yesterday. He caught a few fish and was stuck by a catfish he hooked. Damage was slight, however.

If you have forgotten, fishing licenses expired on June 30 - better get yours renewed. The game warden is on the job.

Several good catches of shrimp have been made along the seawall the past week. They are not too large, but excellent for bait, said Emilie Schindler, who made a nice catch Sunday.

Pearl River is clear right now. Boats can be secured from most fishing camps on the river at Pearlington, Logtown and Nesant Landing.

Ed P. Ortte

As president of the Leetown's School PTA, I wish to extend the thanks and gratitude of our organization for the services Ed. Ortte has rendered our school. Especially in making our rally of July 16th such a big success. An the money made from this venture will go far into helping our school and youth fund.

I wish to state further that we congratulate Ed Ortte for the stand he has taken in showing his interest in the youth of our County. The program that he read and explained from the stand the night of our rally will certainly go very far into assisting our youth. I believe this to be a wonderful youth program. I have spoken to numerous people who feel this program will create enthusiasm among our children in athletics, church and schools, and they pledge their assistance in this program.

Engineers Work

On Lake

Engineers of Company C, 38th Engineer Aviation Battalion, Bay St. Louis are at work on a 60-acre lake now under construction at Camp Shelby National Guard Field Training site.

In spite of heavy rains each day last week these guardsmen have kept their mechanical giants eating up the earth in the huge pit where water is expected to be flowing shortly after the end of the week.

This lake, which will be fed by eight natural springs is expected to be finished by the end of this week. The springs will fill it at the rate of 300 gallons per minute.

Nine D-7 Bull dozers, heavy dump trucks, and other heavy equipment are working to assure completion of the lake before the men leave camp for home on July 24.

A party will be held on July 28th at the youth center for the Hancock County newcomers.

There will be music and card games and other entertainment for the occasion.

Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR)

IT'S PERFORMANCE THAT COUNTS!

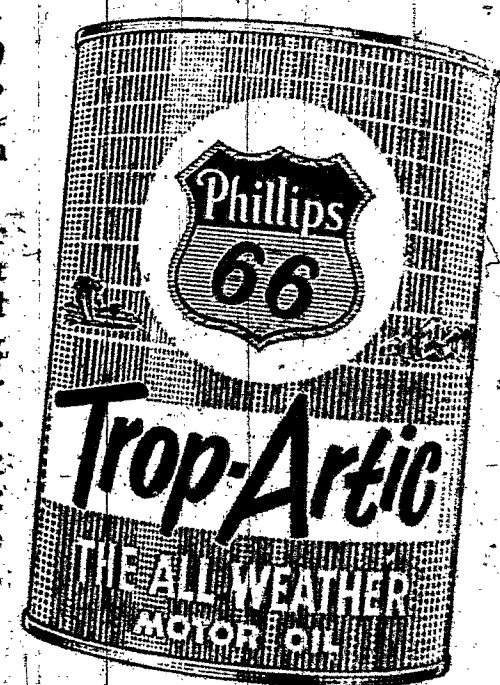

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car on under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting... save gasoline... and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

The Beat Four Business

It was heartening to see the results of the case at Hattiesburg wherein the latest slap at the Bayou La Batre voters was blocked.

Our editorial space last week was pretty much devoted to a windy diatribe against us by the lawyer for the little group seeking to boot these voters into Beat Five. We printed this only in the interest of fairness. It did not contribute a thing to the argument. It did not even give the supervisor's side of the case if, indeed, they do have a side.

In the absence of any logical explanation for wanting to kick these voters out of their present beat, we can only assume that the voters are right—that they just don't vote right.

The supervisors' action hardly smacks of fairness and democracy. Take, for example, the business of three supervisors entering into the case on their own to try to kill the injunction. That was their privilege as individuals.

But later—after the matter is in the Hattiesburg court—they go to the board meeting and ask for ratification. In other words, they want the board to say as a unit, "Sure you did what we wanted to do."

This was foolish. They knew they were acting against the wishes of the other two members of the board.

They knew that Manny Hubbard and Charley Russ would not go along with such a scheme.

And Alvin Genin knew that Dan Russell and Bob Genin would not go along with him, either, when he sought to act as an election commissioner.

The whole business boils down to one thing—there's a little group that wants to run the show with little or no regard for the voters. There's a group that constantly votes against giving the people their say—whether it is in a re-districting election, a bond issue election, or anything else.

They try to do their work in board meetings. And they try to do it in court. They don't dare try it at the polls.

But, alas, there will be an election August 2nd. And these men stand exposed. These men stand before you, having demonstrated the fact that they are against the people deciding two definite issues—and goodness knows how many other issues which haven't come up yet.

Remember that when you mark your ballot.

ELECTION NOTICE

To The Qualified Electors of The City of Bay St. Louis, Mississippi:

You are hereby notified that on the 5th day of July, A. D. 1955, the Council of the City of Bay St. Louis ordered that an election be held in said City on the 9th day of August, 1955, for the purpose of submitting to the qualified electors of said town the following proposition (Continued on Classified page)

Proposition No. 1

"Shall the City of Bay St. Louis, Mississippi, improve and extend its waterworks plant and system and refund certain outstanding Gas Revenue Refunding Bonds in the principal amount of \$39,000, and issue in payment of the cost of such improvement, extension and refunding the bonds of said City payable solely from the revenues to be derived from the operation of said waterworks plant and system and the natural gas transmission and distribution system of said City, said bonds to be in the sum of \$600,000, bearing interest at the maximum rate of four and one-half percent (4 1/2%) per annum, and maturing serially over such period of years not to exceed twenty-five (25) as may be determined by the Council?"

Proposition No. 2

"Shall the City of Bay St. Louis, Mississippi, incur debt and issue bonds to the amount of \$8,000.00, to run twenty-five (25) years from the date thereof, and to bear interest at the maximum rate of four percent (4%) per annum, for the purpose of purchasing land for cemetery purposes in or near said City?"

Proposition No. 3

"Shall the City of Bay St. Louis, Mississippi, incur debt and issue bonds to the amount of \$70,000.00, to run twenty-five (25) years from the date thereof, and to bear interest at the maximum rate of four percent (4%) per annum, for the purpose of constructing and equipping two swimming pools in said City?"

Proposition No. 4

"Shall the City of Bay St. Louis, Mississippi, incur debt and issue bonds to the amount of \$118,000.00, to run twenty-five (25) years from the date thereof, and to bear interest at the maximum rate of four percent (4%) per annum, for the purpose of constructing, improving and paving certain streets in said city, including storm water drainage facilities therein incidental thereto?"

Notice is further given that on August 10th, 1955, at 10:00 o'clock A. M., the Council will meet at the regular meeting place of said Council in the City Hall will then publicly canvass and declare the results of said election.

Given at The City Hall of Bay St. Louis, Mississippi, this 5th day of July, A. D. 1955.

J. C. Glover, Clerk.

County Agent Notes

Here is some information on the boll weevil and his damage.

A boll weevil punctured square will remain on the plant an average of seven days after being punctured.

Boll weevils prefer squares from seven days old to three days before blooming.

A boll must be approximately 20 days old before it is safe from boll weevil damage.

Female boll weevils live for around 16 days in fruiting cotton. During this time each female weevil will deposit an average of seven eggs a day of around 80 eggs in squares. It takes an average of around 18 days for a generation of boll weevils to develop in a cotton square.

Not only do female weevils destroy squares by making egg-laying punctures but the feeding punctures made by male boll weevils will also cause a square to shed.

Economic loss to Mississippi cotton farmers from boll weevils and other cotton insects runs into the millions of dollars annually.

A poisoning program, based on need, with insecticides properly applied at the correct time and in the right proportions will do much to reduce this annual loss.

Summer temperatures have a marked effect on the efficiency of poultry production, whether it be laying hens or broiler production.

Temperatures of less than 80 degrees F. seldom cause any danger to birds. Temperatures of 80 to 85 F. may cause a slight reduction in feed consumption, but present no danger of heat prostration.

When the temperature reaches 90 to 95 degrees F. on the inside of poultry houses, feed consumption is greatly reduced and heat prostrations may be encountered among layers, but are not likely among broilers. However, temperatures of 95 degrees, 100 degrees and more than 100 degrees are likely to result in heat prostrations, and emergency cooling measures should be considered.

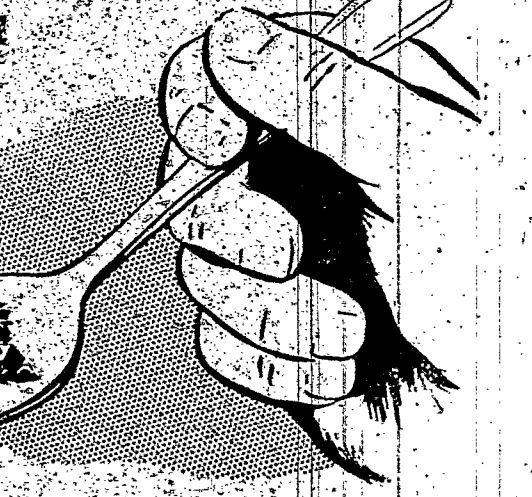

When the temperature exceeds 100 degrees there is extreme danger of death among the birds and emergency measures should be applied immediately.

Some emergency measures to reduce heat in the poultry houses include placing 100 pound cakes of ice around the corners of the house where the birds congregate.

Allow two 100 pound cakes for each 1000 birds. Or you can place the blocks of ice in front of electric fans and let the cool air circulate through the house.

The Chinaman at the old hand laundry insisted on a ticket... or you didn't get your laundry.

The producer of natural gas must be shown a "ticket," too. Before he can invest the millions of dollars required to find adequate gas supplies, the producer must have some chance of a reasonable profit to justify the risks he takes.

He does take risks, you know. He sometimes spends over a million dollars to drill a single well -- and drills an average of nine exploratory holes to find one that produces anything at all.

Each year producers have found more natural gas than was used. Thus, in addition to supplying present needs, we are assured ample reserves for the future. That is why the producer must be encouraged wherever possible; for in the interest of 20-odd million American consumers of natural gas...

this is a search that must never end

IMPORTANT IN MISSISSIPPI

What is it?

The Mississippi River, lifeline of mid-America, was discovered in 1541 by Hernando DeSoto at a point popularly believed to be northeast of the present-day site of Clarksdale in Coahoma County.

there's no doubt

about the importance of the brewing industry in Mississippi. Wholesalers and retailers have a \$29 million investment here employing over 16,295 Mississippians... and the brewing industry is the fourth largest taxpayer in the state, paying over \$4 million a year. Legally regulated beer, the beverage of moderation, has grown to its present importance in Mississippi through public acceptance.

PAUL JOHNSON GIVEN GRAND SENDOFF IN OPENING RALLY AT HATTIESBURG

MUCH CROWD PERHAPS A RECORD IN MISSISSIPPI'S POLITICAL HISTORY

More than 4,000 friends and supporters, from over 61 counties, filled the athletic field stadium in Hattiesburg on May 30th when Paul Johnson opened his campaign for governor. Enthusiasm was high as the young Marine veteran greeted friends in person after his dramatic and impressive speech.

With Paul Johnson at his opening rally in Hattiesburg on May 30th was Mrs. Paul Johnson, Sr., widow of the first Governor Johnson, mother of the candidate, and Mrs. Paul Johnson, Jr., his smiling wife. Following the astounding success of the opening rally, Paul Johnson begins stumping the state and will appear in this city within a short time. He is recognized as one of the finest speakers in the history of Mississippi politics.

FORGET THE PERSONAL TAX

When you go buy your automobile license plate now, the clerk is there to help you with a personal tax tax too.

That will stop when Jay Warner is elected Sheriff.

The old system is a slap at the poor people. It's based on the idea that you hold them up when they are desperate - when they have to get that auto license plates.

But Warner doesn't play that way. Warner plays fair. You'll pay Warner what you came to pay - and not some extras he just feels like collecting at the time.

Jay Warner will be your next Sheriff - and he will be the friend of the poor. Let somebody else worry about the the per-

sonal tax.

Warner will also stop speed traps. He will not have any deputies chasing up and down the highway looking for speeders. But he will patrol the highways from one end of the county to the other to protect the businesses and homes against theft.

Warner also will hire two colored deputies and let them handle their own people. That will insure fairness. And Jay Warner is your fair candidate. He's an independent and won't owe support to anybody.

Remember, YOU will have a friend in office when Jay Warner is elected Sheriff.
